RIOT IN NEW ORLEANS

Negroes Start Trouble and as a Result Blood Flows.

ONE OFFICER WAS KILLED

Negroes Barricaded Themselves in House and Fire Was Used to Burn Them Out—Police Were Finally Victorious.

New Orleans, La., Oct. 21.—A party of negroes barricaded themselves in a downtown house Friday and started a riot. One policeman was killed and several were wounded.

The riot ended after an hour and a half siege of the house by the policemen. The officers routed the negroes by burning them out, mortally wounding one and arresting five others.

The trouble started in front of the Second German Presbyterian church at Claiborne and Anette streets during services when several negroes became boisterous. Patrolman Cambions, who attempted to arrest them, was killed. The negroes ran to a nearby house, which they barricaded.

With shotguns, revolvers and razors they awaited the police, a few of whom gathered quickly and stormed the house. Sergeant Wheatley was mortally wounded and Patrolman Wenck and Corporal J. W. Dunn received serious wounds.

Patrolman Cambions was killed by a knife thrust and his body lay for a considerable time in front of the barricaded house, no one daring to move it.

About half an hour after his death a small detail of police made a rush upon the house, more than half of them falling to the pavement, shot by the negroes behind the windows. The police were driven to shelter, carrying the wounded men with them.

Negroes Routed by Fire.

For more than a quarter of an hour the negroes were the masters of the neighborhood, while the police collected a force of twenty-five men to renew the attack. This larger squad surrounded the house so that no one could escape, and after finding that threats and shooting were of no avail, set fire to a fence behind the house.

The smoke drove the negroes from cover. They broke for safety singly, the first one out falling mortally wounded, while the next two rushed out with empty hands held over their heads and begging for mercy.

A badly wounded negro next staggered out and the police seeing the fight was over, rushed in and searched the house. One negro was found under a mattress and six arrests, including the dying negro, were made. Some of the others arrested appeared to be badly injured.

Held House Against Police.

According to the police investigation these 31 negroes held the house for more than an hour against a force of well armed policemen, backed by a mob of more than 1,000 persons.

As soon as the negroes had submitted, the police were forced to turn on this mob and fight with all their energy against threatened wholesale lynchings. The negroes were taken safely to the parish prison of New Orleans, which is considered the strongest and safest jail in the state.

Francis Joseph Holding His Own.

Vienna, Oct. 21.—The reports of the condition of Emperor Francis Joseph were more favorable Saturday morning. His majesty passed a quiet night without fever. After the administration of a specific his coughing somewhat diminished and the catarrhal inflammation is stationary. He arose at his usual hour and later on was permitted to take his first walk since his illness, in the heated palace galleries.

Engineer Helton is Dead.

Greensboro, N. C., Oct. 21—C. E. Helton, engineer on Southern railway passenger train No. 34, which was wrecked at Rudd, N. C., died of his injuries at St. Leo's hospital in this city Friday night. H. C. Leonard, the flagman who is said to be responsible for the wreck, is still missing.

FOUND $9,800 IN WALLET.

Turfman Goes Broke, but Finds Fortune on His Way Home.

New York, Oct. 21.—Stanley French, a turf follower, rode home from the Belmont Park track to his home in Sheepshead Bay Thursday evening. His wife had given him just about their last dollar and his luck had failed him. On the same train was Henry McDaniel, a trainer for Louis Cella, who carried a wallet containing $9,800. French awoke from a nap on the train to find the wallet in a corner of the car, but McDaniel did not discover his loss until late that night.

French did not know how much money he had found until after he had jokingly told his wife that the dollar she had given him had made a fortune. She counted the bills and discovered to her husband's and her own utter astonishment that it consisted of bills of large denomination. French then told her that he had found the money and they mutually agreed that it must be returned to the owner, could he be found.

The next day French met a turf acquaintance who told him of McDaniel's loss. French believed that he had the lost bank roll and forthwith he turned the wallet and its contents over to McDaniel. The latter delightedly gave him a $1,000 bill, but French said that if McDaniel could give him a job he would prefer that to the reward. McDaniel could not do so, and French accepted the cash.

WAR ON INJURY FAKIRS.

Triple Alliance Formed to Drive Them From Chicago.

Chicago, Oct. 21.—Professional personal injury fakirs, colonies of whom have taken more than $1,000,000 fraudulently from the city in four years, are to be driven from Chicago and if possible to the penitentiary, by a triple alliance in which the city administration is the principal factor.

Chicago has entered into an arrangement with the traction companies and steam railroads entering the city to carry on an offensive and defensive campaign against these people. Besides these parties to the alliance, forty corporations, all victims of the personal injury fakirs, have been invited to assist in the establishment of a clearing house for the records of professional crooks of this character. This action was decided on Friday by First Assistant City Attorney Mirrison, after it had been discovered that there were whole families which, using various names, were suing the city on fake charges.

Bottlers' Elect Officers.

Denver, Colo., Oct. 21.—After selecting Baltimore as the next place of meeting, the American Bottlers' association Friday night elected the following officers: President, John A. Blondell, of Baltimore; vice president, Henry Shaffer, of Jersey City; treasurer, Henry Schmidt, of Hoboken, N. J.; secretary, R. E. Schroder, of New York. An executive committee was chosen and instructed to make every effort to get all state, and even lesser associations, into the national body.

Magill and Wife Acquitted.

Decatur, Ill., Oct. 21.—Acting under instructions from Judge Cochran the jury has returned a verdict acquitting Frederick Magill and his wife Faye Graham Magill, of the charge of murdering Mrs. Pet Magill, the first wife of Magill. In his instructions the judge said the state had failed to prove the corpus delicti. The verdict was greeted with cheers, despite the efforts of the court to maintain order. The crowd in the court room hurried forward and congratulated the Magills.

Turns Over All Rights.

Nashville, Tenn., Oct. 21.—The Tennessee conference of the Methodist Episcopal church, South, in session at Springfield, Tenn., has adopted the following resolution: "Resolved that this conference do now cede, and there are hereby ceded to the general conference of the Methodist Episcopal church, South, all rights, privileges and authority which this conference has as a member of the corporation known as Vanderbilt university."

BRYAN IN ATLANTA

Distinguished Commoner Guest of State Fair.

RECEIVES GREAT OVATION

Crowds Cheered the Prominent Nebraskan and the Great Coliseum Was Packed to Hear Him Speak—A Dollar Dinner at Night.

Atlanta, Oct. 21.—With an ideal day for his 18 hours' visit to Atlanta and the Georgia State fair, William Jennings Bryan, the great commoner, arrived at the Terminal station Saturday morning at 6:15 from Spartanburg, S. C.

Mr. Bryan was met by a reception committee, consisting of President H. H. Cabiniss, of the State Fair associ-

ation, Captain W. G. Raoul, President Aldine Chambers, of the Young Men's Democratic league of Fulton county, and F. L. Seely.

Mr. Bryan and the reception committee were immediately driven to the home of Captain W. G. Raoul, where the distinguished Nebraskan fast.

was the guest at an informal break-

Crowds Lined the Streets.

The party, including Governor Hoke Smith, left at 11:30 o'clock in carriages for the fair grounds, where Mr. Bryan was to speak. Crowds lined the street all the way from the governor's mansion to the fair grounds and the prominent visitor was forced to bow repeatedly to the cheers.

Through the same gates that President Roosevelt drove two years ago to the same day and the same hour, Mr. Bryan passed Saturday morning.

There were the cheers from the great crowds who had packed into the main driveway, and Mr. Bryan arose in his carriage as he passed through the avenues of applauding people, he bowing right and left.

The roadway from the gates to the coliseum was jammed and packed, while the big building was filled to overflowing.

Vast Audience Cheered.

When Mr. Bryan entered the coliseum the vast audience arose and cheered. Many stood on the benches in the arena and applauded as the distinguished commoner accompanied by President Cabaniss and Governor Smith made their way to the platform at the southwestern end of the building.

It was shortly after noon when President Cabaniss, representing the fair association, arose and introduced Governor Smith in a few appropriate remarks. The chief executive was greeted by many cheers. In a short, well-chosen speech, Governor Smith presented William Jennings Bryan, of Nebraska.

The cheers again broke loose as Mr. Bryan stepped to the front of the platform and bowed. It was several moments beore he could begin his speech on account of the applause.

Not since the day, two years ago, when President Theodore Roosevelt spoke in Atlanta, has there been such a throng of people as were packed into the Georgia state fair grounds Saturday to welcome William Jennings Bryan.

Mr. Bryan's visit closed with a "dollar dinner" Saturday night at the Piedmont hotel with about 100 guests present. It was a notable affair.

PASSENGERS IN A PANIC.

Peculiar Accident Occurs on the New York Metropolitan "L."

Chicago, Oct. 21—Shooting suddenly upward at an angle that grew to 45 degrees, the foremost car of a train on the Metropolitan "L" dashed on the opening lift of the Jack knife bridge between Jackson boulevard and Van Buren street, Friday night. For a second it seemed that the impetus of the car and the rising tendency of the bridge might carry it over and hurl the car off the track.

Then the motor power was shut off and the force of gravity operating, the car fell backward and was telescoped with the second car which had come on from behind with undiminished speed. In darkness and amid crashing glass from shattered windows the startled passengers of the forward car, hurled from their seats, and sliding toward the downward end of the coach, groped for the exit. Fortunately the number in the car was small, only eight, and all succeeded in escaping from the heap into which they were thrown.

The jumble of cars on the bridge closed that structure subsequently to all traffic and for some time the Metropolitan system was almost entirely tied up. Coming just at the time of the closing of the theaters, it caught many persons bound for home.

TO ENFORCE PROHI LAW.

Governor Comer Will, If Necesary, Call Extra Session.

Montgomery, Ala, Oct. 21.—Governor B. B. Comer has announced that if the officers of the law find it impossible to enforce the liquor laws he will call an extra session of the legislature to give them all the power they need. He told the members of the Women's Christian Temperance Union of the state that he was going to put every power of the state behind any prohibition laws that might be passed.

Eight counties have recently voted out liquor, five more have called elections and half a dozen others have movements on foot for elections, with every prospect that anti-liquor forces will win out. Twenty-one counties were prohibition before the passage of the local option law, so that there are now twenty-nine dry counties.

Very few have ae of liquor in open saloons, most of them having dispensaries. Montgomery has sought signers to get an election called and an election will probably be ordered in Jefferson, the largest county in the state.

Does Not Seek the Office.

New York, Oct. 21.—Governor Hughes made a declaration of his attitude toward the presidential nomination, when, in the course of an address at a dinner given in his honor by the republican club he said: "I do not seek any public office. I have not sought, nor shall I seek, directly or indirectly, to influence the selection or the vote of any delegate to any convention, and with reference to the action of any delegate to any convention there will be no suggestion or thought of influence, protest or reprisal in the executive chamber."

Receives Carnegie Medal for Bravery.

Atlanta, Oct. 21.—Messages from Pittsburg received Friday night told of the award of the Carnegie hero medal and $500 to John B. Hill, the first negro to secure recognition at the hands of the committee having this matter in charge. John B. Hill is the coachman of Willis Ragan. The medal comes to hm as the result of an act of bravery of several months ago, when, at the risk of his own life, he stopped a runaway on Peachtree street, thereby probably saving the lives of a nurse and two little boys.

Hanging Was Postponed.

Covington, Ga., Oct. 21.—Fred Roseberry, a negro who was tried at the recent September term of Newton superior court and convicted of the murder of Ike Floyd, another negro, at a negro church gathering near Alcova, in October, 1906, and who was sentenced to hang in the Covington jail Friday, was not executed. Judge L. S. Roan having agreed to hear a motion for new trial at his court chambers in Atlanta on the first Saturday in November.

PALATKA'S NEW THEATER.

The New Howell to Open October 25 With Magnificent Production.

Palatka is rapidly forging to the front as one of the most up-to-date little cities in the country, and among her latest acquisitions in this line is the New Howell Theater, which will be under the management of Louis Kalbfield, one of the leading spirits of that progressive town. The opening night, as will be seen elsewhere in The Sun, will be on the 25th inst., and the bill will be "The Tourists," one of the finest productions ever traveling South, or anywhere else, for that matter.

This magnificent musical production, which carries about seventy people, with two special cars, is under the management of Sam S. and Lee Schubert, and is absolutely one of the best productions of its kind ever staged. It is a play full of color, exquisite tunefulness and merriment, overbubbling with gaity, charm and fun, and the people of Palatka and this section of the country are indeed fortunate of an opportunity to witness such a bill, which as a rule, visits no city of a smaller population than Jacksonville. The play has a record of a solid year of success in New York, Boston and other points.

This play was secured for the opening of the New Howell for two reasons: First, Manager Kalbfield being an erstwhile theatrical man, well known throughout theatrical circles, and a man with a record, the date was made as a personal compliment to him; second, the New Howell being an up-to-date playhouse, this company desired to compliment the theater by appearing as the opening bill. There is no doubt but that the house will be crowded, as people for miles adjacent will go to witness this grand spectacular musical production.

Several of the young society people of this city are contemplating a theater party to Palatka to attend this play. The trip can be made easily and with comparatively little inconvenience, and those musically inclined are especially interested.

An Approaching Marriage.

The editor of The Sun has received an invitation to the marriage of Miss Kennie Belle, the accomplished daughter of Mr. and Mrs. McKendrie Little Lambdin, to Chas. Edward Keener, which will occur at the home of the bride's parents in Jacksonville on the evening of Wednesday, November 6.

The Lambdins were for many years residents of Melrose, this county, and are well known in Gainesville, where they also resided for a short time.

THE RALLY SERVICE.

Exercises at First Methodist Church Sunday Were Very Fine.

As is the custom of the First Methodist church in this city, the annual Sunday school missionary rally service was held Sunday evening, and it was one of the largest attended services of the year, the exercises attracting not only members of the Methodist church, but other denominations. Shortly after the opening of the doors the big church, which is the most commodious in the city, was crowded to the doors, and every seat was occupied. At a later hour many were turned away, as even standing-room could not be had.

The service was a grand success, not only from a literary and musical standpoint, but financially as well, and a good sum was realized for missions.

The following interesting program was rendered, Rev. T. J. Nixon, the pastor, presiding:

Opening song and prayer.
Scripture reading.
Recitation by Maureen Gracy.
Responsive reading and song.
Recitation by four children, Horace Mason, Annie McKinstry, Asenath Phifer and Henry O'Neill.
Questions and answers on China.
Recitation by Belva Floyd.
Song by the children.
Recitation by Corris Shands.
Recitation by Roy Nixon.
Recitation by Isabel Padgett.
Brief Talk on China by the pastor.
Recitation by Omera McBeath.
Recitation by Mary Sale.
Offering for Missions.
Doxology and Benediction.

A Truly Comfortable Hotel.

"It is indeed gratifying and a source of comfort to the traveling public to chronicle the opening of such a hotel as The White House in Gainesville, Fla., under the able management of Mr. James Van Allen and wife, who are untiring in their efforts to cater to the wants and pleasure of their guests," said a traveling salesman. "How far they have succeeded is attested by the daily arrivals, which have so far exceeded their expectations. There is talk of doubling the capacity of the already commodious building.

"As the name implies, it is truly a 'white house' inside and out, with beautifully decorated walls; a force of servants are kept constantly cleaning and dusting; everything is so neat and clean that it is a pleasure to dwell therein; the beds are the best obtainable; the table is bountifully supplied with the best the markets afford, well cooked and prepared. This is one place I have found where there are 'no kicks coming,' and as such places are so few and far between, I just felt like 'spreading the glad tidings,' and as no news is so intensely newsy to the traveler, I trust you will give this space in your widely-read columns.

"Gainesville has justly laid claim to the best water, and she can now add to that list one of the best hotels."

The above deserved tribute to Gainesville's popular new hotel appeared in The Jacksonville Times-Union of last Sunday, October 20th, and The Sun, with the people of Gainesville, can truthfully endorse every word the traveling man said to the Jacksonville newspaper representative. No hotel in Florida has ever established such an enviable reputation in so short a time as The White House.

Accident to Boy.

It is reported that Aldie Newbern, a lad well known in this city, had the misfortune of a very painful accident a few days ago, while visiting friends in Jacksonville.

Aldie, with a number of young friends, was playing in the street. He was running from a companion, with his head turned, when he came into collision with a hitching post, causing a serious bruise on his face about the eyes, from which it is said he has suffered a great deal.

Veteran Artist Stricken.

New York, Oct. 21.—Artists and patrons of the fine arts in New York and throughout the country will regret to learn that the veteran landscape painter, John Bunyan Bristol, has been stricken with paralysis, and in all probability will not be able to wield the brush again. Mr. Bristol, who is 61 years old, is in St. Lukes hospital here.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Chicken Thieves at Large.

Chicken thieves—the most abominal of all kinds of petty rascals, and the kind that are most dreaded by owners of poultry—are abroad in this section, with the result that several citizens have lost their fine fowl recently. No later than Sunday night one party lost five fat hens which had just been purchased on Saturday.

A chicken thief is "put down in the book" as the very worst kind of a sneak. Those who have lost their chickens have investigated the matter, and have almost sifted it down to where it belongs. In fact, they are almost positive as to the guilty party, and the chances are he will be caught and punished in a short time if he persists in the habit of chicken stealing.

CEDAR KEY WAS SCENE OF TRAGEDY

Murder and Suicide Marked History of That Quiet Town.

KILLED WOMAN, THEN SELF

Rash Act of Charles Webster, Well-Known Young Man, Because it Is Said Widow With Whom He Was Infatuated Refused to Marry Him.

The unusually quiet town of Cedar Key was thrown into excitement at midnight Sunday, the cause being a tragedy in which a murder and suicide resulted, and one of the young men of that town was the active promoter of it all.

About midnight the citizens were startled by the ringing out of three pistol shots on the second floor of the building occupied by Dr. Walker as a drug store. In a moment many were upon the scene, when they discovered a most ghastly and heart-rending sight—Chas. Webster, a well-known young man, and the woman who was his victim, both laying on the floor in a pool of blood. The woman, whose name was Mrs. Porter, had been shot with a 38-calibre revolver, the ball entering her neck and passing through. Webster was suffering from a bullet through the head and another in the arm from the same weapon, and had the pistol tightly clutched in his hand.

Notwithstanding that everything possible was done, neither party regained consciousness. Webster died about 1:30 a. m., but the woman survived him three hours.

Owing to the fact that neither regained consciousness, the circumstances of the tragedy will never be known. It is said, however, by those who should know, that young Webster, who was about twenty-eight years of age, had been infatuated with the woman, who was a widow, for some time. It is to be surmised that the young man went to the home in a desperate mental condition, and becoming involved in a quarrel with the woman, enacted the tragedy which cost both their lives.

Parties arriving from Cedar Key on the early morning train state that Webster, who was employed as a book-keeper in the fish house of A. W. Johnson, left four notes on his desk. One was addressed to his brother, one to his parents and two to friends, the contents of which were not learned, as passengers left Cedar Key before the same were made public.

Webster was about twenty-eight years of age, and was born and reared in Cedar Key, where he had many friends. It is said that the woman leaves two children.

THE SUN MAKES AN ERROR.

It Was the Hereford Cattle, and Not the Short-Horns, Most Admired.

The Sun of Saturday, the 19th inst., contained mention of the fact that Manager N. A. Callison of Spring Park Farm had visited the Georgia State Fair, at which time he took special notice and paid special attention to the cattle exhibit.

The Sun quoted Mr. Callison as saying that he was especially impressed with the Hereford, or "short-horn" cattle, as they appeared to the best advantage. The assertion, "Hereford was all right, but the writer, who is not very well posted in the cattle line, labored under the impression that the "Hereford" and the "short horn" were one and the same, when in fact they are the reverse when it comes to breed. However, everybody knows that Manager Callison is a firm believer and breeder of the famous Hereford, which he knows to be superior to any other breed for this country, and anyone versed in the cattle business would readily see that Herefords and short-horns would not work together as one and the same hence anyone interested would have the knowledge that the misunderstanding had been had by the writer of the article.

Manager Callison has made of the Spring Park Farm one of the most magnificent Hereford cattle farms of the country.

A CRAZY MAN

Found Eating An Egg, Shell and All—People Are Amazed.

A crazy man was recently found eating an egg, shell and all, and it was declared additional proof of his insanity, as everyone realizes that the shell of an egg nas no food value, and is both indigestible and injurious. It is just as crazy for a sane person to swallow a lot of cod liver oil to get the benefit of the medicinal elements contained therein, as for the crazy man to eat the egg, shell and all.

Scientists agree that the oil or greasy part of cod liver oil has no medicinal value whatever, and only upsets the stomach and retards recovery, but it is the medicinal elements enveloped in the cods' livers and their oil which represent all the tonic and curative power of that famous old remedy.

Vinol contains all the medicinal, curative elements of cod liver oil, but is entirely free from oil, and is therefore the best strength-creator and tonic reconstructor possible to obtain.

The reason Vinol is so far superior to the old-fashioned cod liver oil and emulsions is because it is made by scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

Vinol is unexcelled to restore health and create strength for run-down, debilitated, tired, overworked people, old people, weak women, nursing mothers, puny, ailing children, convalescents, or for people suffering with hard colds, hacking coughs, incipient consumption and bronchitis. Try it. If it fails we will return your money—W. M. Johnson, Druggist, Gainesville, Florida.

NEWS OF CITY AND COUNTY CONDENSED

T. J. McRae has returned from High Point, N. C., where he has been on business for the past week.

Nicely furnished room, on block adjoining square, to rent. Apply in front of Baptist church, or at Sun office.

Parties in the State of Florida who desire to take this trip can get rates either from Jacksonville or Live Oak at the very much reduced rate of $8.85 from Live Oak and return, or $10.35 from Jacksonville and return. Final limit of the tickets is not later but up to midnight of October 28th. These tickets entitle party's admission to the grounds. For further and detailed information, write to Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

Threw Herself Under a Train.

Newark, N. J., oct 21—A woman about thirty years old, supposed to be Mrs Anna Howard, formerly of Orange, threw herself under the wheels of a moving freight train at the Meeker avenue crossing of the Pennsylvania railroad in Newark, N. J., Friday and was almost instantly killed.

DEATH OF MR. MARION SMITH.

Passed Away at Archer After a Week's Illness From Paralysis.

Archer, Oct. 21.—The many friends of Mr. Marion Smith will be grieved to know of his death. He was stricken with paralysis Monday, October 14th, from which he died Saturday morning, and was buried here Sunday, the funeral services being conducted by Dr. Waddell. Mr. Smith was a good citizen, kind father and loving husband, and will be greatly missed by all who knew him, for his friends were numbered by his acquaintances. All was done for him that loving hands could do, but it was God's time for him to be taken. He leaves a wife and three children to mourn his death—Mrs. Fleming Winecoff of Atlanta, Miss Elsie Smith of Archer and Mr. Albert Smith of Brunswick, Ga., and all were with him during his illness and death. He has one sister, Mrs. Thouseu of St. Louis.

Mr. and Mrs. Hancock, who have been spending the last two months in the mountains of Georgia, have returned home much improved in health.

Miss Fannie Moore of Hawthorn was a pleasant visitor in town last week, spending a few days with Miss Mary Berktresser at the Magnolia House.

The Sunday School Convention and Presbytery passed off very pleasantly, a number of ministers and delegates being present. Some excellent sermons and addresses were given, which were enjoyed by appreciative audiences.

Miss Leila Bauknight is visiting her sister, Mrs. Joel Tucker of Live Oak.

Mr. and Mrs. Walter Paine of Williston spent yesterday in town with their parents, Mr. and Mrs. Thomas Pearson.

Mr. Taylor and Mr. Maddox are adding very much to the looks of their homes, by adding several rooms and giving them a new coat of paint.

Mrs. Porter Smith of Wacahoota was visiting friends here last week.

SOMETHING SHOULD BE DONE.

What is Causing the Increase of Catarrh in Gainesville?

In spite of the best efforts of medical men, catarrhal troubles are increasing not only in Gainesville, but all over the country.

Catarrh is a germ disease, and to cure it germ life in the breathing organs should be destroyed, and to do this no other treatment has such positive and beneficial action as Hyomei.

When the mucous membrane is irritated and raw and the tissues weakened, there is an ideal lodging place for catarrhal germs. Breathe Hyomei and see how quickly it soothes the membranes, vitalizes the tissues and destroys all the disease germs, rendering catarrh no longer possible.

There is no dangerous stomach drugging when Hyomei is used; no tablets or liquid mixtures destroying digestion.

Breathed through the neat pocket inhaler that comes with every Hyomei outfit, the healing balsams penetrate to the most remote air cells of the throat, nose and lungs, destroying the catarrhal germs so that quick recovery follows.

J. W. McCollum & Co. agree to refund the money to any purchaser of Hyomei who does not find that it does all that is claimed for it. The complete outfit costs but $1.00.

Monteocha Union Picnic.

Monteocha, Oct. 21.—The Union picnic, given by the Farmers' Local Union at Monteocha school house Friday, was well attended. One of the largest crowds ever assembled in old Monteocha was there.

One speech was delivered by Col. F. Bell, of Jasper, before noon. Then the table set with the many different foods that mankind desired, after which County Organizer Love of Trenton made a long talk, which was much appreciated by all who heard him.

All returned to their respective homes well pleased with the program of the day.

Cols. Bell and Love went to Jerusalem colored church to organize a colored union at that place.

WHERE IS THAT REPORT?

"Tax-Payer" Wants to Know What is Held by Board of Public Works.

Editor Sun: Please allow me space to ask why the Board of Public Works has not made a proper statement, which, by the way, is a puzzling question to many of us?

I noticed in a recent issue of The Sun where Contractor Beeman had been compelled to cease the laying of the lateral sewerage, because there were no funds available. I would like to know what has become of the $50,000 voted by the people for sewerage bonds? According to the tab I have kept on this account, the Board of Public Works has only paid out about $38,000, including the salary of the engineer. There should, therefore, be in the sewerage fund about $12,000 from which to draw, and which the tax-payers have to pay in the long run.

The Board of Public Works is due the public a statement in detail, showing the expenditure of all funds. The people who pay the taxes wish to know what has been done with their money.

The financial report as made by the Board of Public Works is not what is contemplated by law—the people want an itemized statement of the condition of the fund at this time, and it is due them. TAX-PAYER.

This Was Sawing Some.

A. G. McDonald, sawyer for a large saw mill at Montbrook, was in the city Saturday.

Mr. McDonald is a good fellow, and his visit to Gainesville caused no special interest, as he comes to pay his friends a visit regularly, and they are always glad to see him; but he brought with him on this trip an iron bolt about a half-inch in diameter, which was imbedded in a log which had been placed on the carriage, and through which the circular passed with a "buzz" as easily as if the missile had been a knot.

This bolt was evidently driven into the tree many years ago, after which the body grew around it. It was remarkable that the saw passed through so easily, and the sawyer should feel congratulated that he brought the plant out without serious mishap.

LOST ALL HOPE OF CURING HUMORS

Member of U. S. Ordinance Corps Had Skin, Scalp, and Blood Trouble —For Four Months Tried Various Remedies with No Lasting Effect —Permanently Cured and Says:

"CUTICURA REMEDIES ARE UNEXCELLED"

"About a year ago I was a sufferer from skin, scalp, and blood humors. For four months I used various remedies prescribed to me for their treatment, but they gave only temporary relief and then the distressing blood humors were back as usual. I finally lost all hopes of getting cured of this ailment. But a friend induced me to give the Cuticura Remedies a fair trial. He had been troubled with the same disease and said he had been permanently cured by Cuticura. So I got the whole treatment, consisting of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and after I began the treatment I could see and feel that it was a success. The Cuticura Resolvent is certainly of great value as it cleanses the system of all humor germs and makes digestion easy. I used two complete sets of the Cuticura Remedies and I can say this much, that I was permanently cured by them. I want to say further, that these Remedies are unexcelled in curing the worst forms of skin and scalp humors. S. D. Phillips, Ordinance Corps, U. S. A., Rock Is. Arsenal, Rock Is., Ill., Nov. 22, 1906."

SLEEP FOR BABIES

And Rest for Tired, Fretted Mothers in Cuticura.

A warm bath with Cuticura Soap and a single anointing with Cuticura Ointment, the great skin cure, will afford instant relief and refreshing sleep for skin-tortured babies, and point to a speedy cure of the most distressing forms of eczemas, tetters, rashes, itchings, irritations, and chafings, when all else fails. Guaranteed absolutely pure under U. S. Food and Drugs Act, and may be used from the hour of birth.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

JOHNSON AGAIN IN TOILS.

Well-Known Colored Character Arrested for Selling Booze.

Moses Johnson, a well-known negro character of this city, was arrested by Deputy Sheriff W. M. Burch of Tacoma Saturday night at a late hour, the officer stating that he found a little over two quarts of liquor in possession of Johnson, and also declaring that he saw two men purchase liquor from him.

Johnson has been around this section of the country for years, his occupation being the trapping and shooting of game, which he disposes of to the peopole of Gainesville. In this way he has made a fairly good living for a long time.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

The impression prevails that Governor Broward will call the Legislature together in extra session some time in November.

They are beginning to refer to Secretary Taft as "Big Bill" in many localities. This is generally accepted as an indication that the Secretary has caught the popular favor.

The Navy, a monthly publication devoted to the interests of the Naval Service, pronounces the Pacific cruise "compound of ill adjusted vain glory and cheap politics." The Navy doesn't worship Teddy as some other journals do.

Hon. W. J. Bryan, the greatest living American, delivered an address at the Georgia State Fair in Atlanta last Saturday to an immense crowd. He refused to discuss politics or to say whether he would or would not be a candidate for the Democratic nomination for President.

Hon. John Temple Graves of Atlanta has been tendered and accepted the chief editorship of Hearst's New York American at a salary of $15,000 per year. He is one of the most fluent and logical writers in the country and his Florida friends rejoice to learn of his selection as editor of Hearst's greatest newspaper at such a handsome salary.

Prof. Tom F. McBeath has sold The Florida School Exponent to State Superintendent Holloway and Prof. Murphree of Tallahassee, from which place the paper will hereafter be published. The press generally, as well as the school teachers, will regret Prof. McBeath's retirement as editor, but he has made no mistake in placing the journal in the hands of the above named gentlemen.

Orders have been issued from the Navy Department directing that all work in preparation of the fleet for the cruise to the Pacific be facilitated in every possible way, and to this end work on other projects at the navy yards will be suspended. These orders were the result of a report from the Norfolk navy yard that there was not sufficient labor obtainable there for doing all the work and getting the battleships ready for the trip by December.

Valery Bey of Constantinople, formerly first secretary of the Turkish Legation in Washington and who is now engaged in the importation of Turkish tobacco to this country, said recently in an interview: "American business methods command my respect more than any other in the world. The manner in which business is done in America is the wonder of all other peoples. I have had occasion particularly to observe the handling of the tobacco business, and while I am told the trust controls many of the big tobacco enterprises, I must say that it does it well. The American drummer is a remarkable man. He has a wonderful personality—a magnetism that compels attention. I can hardly say he is shrewd, but he is the most successful creature in the world. It is not to be wondered at that European ideas and business methods succumb before the American drummer."

LEGAL REGULATED MONOPOLY.

In connection with the President's St. Louis speech, relating to the creation of Federal corporations, we should not forget Judge Farrar's letter, published last May. Judge Farrar contended that under the power "to establish postoffices and post-roads" the Federal government "can create railway corporations, and give such power as Congress may think best; and, in so doing, protect the railroads from all State, county and municipal taxation, except such as Congress may authorize. This view has been adopted by the President in the interest of the railroad corporations. It is not a sound view. It has been directly controverted by the opinion of the Supreme Court of the United States in the case of Thomson vs. Pacific Railroad, reported in 9th Wallace at page 579, so far as it relates to taxation; and also by the opinion of the same court in Cohen vs. Virginia (6, Wheaton, 264) so far as it relates to the power of Congress to authorize a corporation created by itself or any other power, to transact business in any State whose laws interdict its operations. So, that neither under the postroads clause nor under the interstate commerce clause of the Constitution has Congress the right to create corporations, or to license corporations to do interstate business. The position of the National Association of State Railroad Commissioners, which, at its meeting in Washington, October 9th, expressed its hostility to the President's plan, is well sustained by judical authority. Neither the bank case on which the President relies for his scheme of Federal incorporation, nor the lottery case, on which Mr. Bryan relies for his scheme of Federal license for existing corporations, supports the contention of those who seek by such means to destroy the rights of the States, and to bring in an era of "legal regulated monopoly," such as that recommended by the Civic Federation's Committee on Municipal Ownership, whose report seems to have been paid for by certain New York bankers and capitalists interested in railway and traction corporations. This scheme of legal, regulated monopoly, to which the President and Mr. Bryan have lent the weight of their influence, is precisely what the railroads, insurance companies, and trusts of all sorts desire. They are willing that the President should render them odious to the public, if he will serve them to the extent of releasing them by such means, or any means, from their responsibility to State governments. Their managers are all as practical as Mr. Harriman, or Mr. Roosevelt himself. They had rather contribute to a Roosevelt corruption fund than to pay State, county and municipal taxes and obey State laws. Mr. Roosevelt's position puts him in the light of being the ally of the corporations.

Former Senator J. Frank Allee of Delaware, who is organizing a corporation to fight the powder trust and thus even up scores with the Duponts, at whose door he lays the blame for ousting him from the United States Senate, declares that "For the Presidency there is no other candidate in Delaware but President Roosevelt. The people want him and he cannot help himself. All other candidates are being subordinated to him. He may have decided that he won't take another term, but the American people will decide, if they have not done so already, that he must."

Home-management by a woman who does not "have time to read the ads," it not—strictly speaking—management at all!

A FALSE REPORT.

Editor Sun: On the first page of your issue of October 12 there appeared an article stating that Rev. C. B. Wilmer, D.D., had been hissed on the floor of our general convention on account of views he expressed on the negro question. In justice to Dr. Wilmer and for the information of his many friends in Gainesville, I desire to state that the article in question is a fabrication, mysteriously issued from a press bureau in a certain Southern city, and that no such incident occurred, but that in fact, at the time that article was published the negro question had not come before our convention either directly or indirectly.

Dr. Wilmer is recognized on all sides as one of our ablest men, and anything he has had to say in this convention has been listened to with interest and close attention.

Very truly yours,
FRANCIS H. CRAIGHILL.
Richmond, Va., Oct. 17.

Too much has been said and written already about the "cocktail" incident of Mrs. Fairbanks' reception to the President, but the friends of Mr. Fairbanks are much exercised over the appearance of an article in a religious paper in which the blame for this affair is put upon the shoulders of an intimate woman friend of the family. Doubtless the story was inspired by some misguided friend who thought thus to shield the Vice-President from criticism, not realizing, apparently, that he would be placed by such an excuse, in a position wholly intolerable to any man, and especially so to one of Mr. Fairbank's well-known gallantry. And it is all the more extraordinary, as the hospitality of the Fairbanks establishment in Washington is famous throughout official and social circles, where it is well known that wines are served at their delightful dinners and punch is served at their popular receptions.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

I noticed in a recent issue of The Sun where Contractor Beeman had been compelled to cease the laying of the lateral sewerage, because there were no funds available. I would like to know what has become of the $50,000 voted by the people for sewerage bonds? According to the tab I have kept on this account, the Board of Public Works has only paid out about $38,000, including the salary of the engineer. There should, therefore, be in the sewerage fund about $12,000 from which to draw, and which the tax-payers have to pay in the long run.

The Board of Public Works is due the public a statement in detail, showing the expenditure of all funds. The people who pay the taxes wish to know what has been done with their money.

The financial report as made by the Board of Public Works is not what is contemplated by law—the people want an itemized statement of the condition of the fund at this time, and it is due them. TAX-PAYER.

This Was Sawing Some.

A. G. McDonald, sawyer for a large saw mill at Montbrook, was in the city Saturday.

Mr. McDonald is a good fellow, and his visit to Gainesville caused no special interest, as he comes to pay his friends a visit regularly, and they are always glad to see him; but he brought with him on this trip an iron bolt about a half-inch in diameter, which was imbedded in a log which had been placed on the carriage, and through which the circular passed with a "buzz" as easily as if the missile had been a knot.

This bolt was evidently driven into the tree many years ago, after which the body grew around it. It was remarkable that the saw passed through so easily, and the sawyer should feel congratulated that he brought the plant out without serious mishap.

LOST ALL HOPE OF CURING HUMORS

Member of U. S. Ordinance Corps Had Skin, Scalp, and Blood Trouble —For Four Months Tried Various Remedies with No Lasting Effect —Permanently Cured and Says:

"CUTICURA REMEDIES ARE UNEXCELLED"

"About a year ago I was a sufferer from skin, scalp, and blood humors. For four months I used various remedies prescribed to me for their treatment, but they gave only temporary relief and then the distressing blood humors were back as usual. I finally lost all hopes of getting cured of this ailment. But a friend induced me to give the Cuticura Remedies a fair trial. He had been troubled with the same disease and said he had been permanently cured by Cuticura. So I got the whole treatment, consisting of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and after I began the treatment I could see and feel that it was a success. The Cuticura Resolvent is certainly of great value as it cleanses the system of all humor germs and makes digestion easy. I used two complete sets of the Cuticura Remedies and I can say this much, that I was permanently cured by them. I want to say further, that these Remedies are unexcelled in curing the worst forms of skin and scalp humors. S. D. Phillips, Ordinance Corps, U. S. A., Rock Is. Arsenal, Rock Is., Ill., Nov. 22, 1906."

SLEEP FOR BABIES

And Rest for Tired, Fretted Mothers in Cuticura.

A warm bath with Cuticura Soap and a single anointing with Cuticura Ointment, the great skin cure, will afford instant relief and refreshing sleep for skin-tortured babies, and point to a speedy cure of the most distressing forms of eczemas, tetters, rashes, itchings, irritations, and chafings, when all else fails. Guaranteed absolutely pure under U. S. Food and Drugs Act, and may be used from the hour of birth.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

JOHNSON AGAIN IN TOILS.

Well-Known Colored Character Arrested for Selling Booze.

Moses Johnson, a well-known negro character of this city, was arrested by Deputy Sheriff W. M. Burch of Tacoma Saturday night at a late hour, the officer stating that he found a little over two quarts of liquor in possession of Johnson, and also declaring that he saw two men purchase liquor from him.

Johnson has been around this section of the country for years, his occupation being the trapping and shooting of game, which he disposes of to the peopole of Gainesville. In this way he has made a fairly good living for a long time.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

The impression prevails that Governor Broward will call the Legislature together in extra session some time in November.

They are beginning to refer to Secretary Taft as "Big Bill" in many localities. This is generally accepted as an indication that the Secretary has caught the popular favor.

The Navy, a monthly publication devoted to the interests of the Naval Service, pronounces the Pacific cruise "compound of ill adjusted vain glory and cheap politics." The Navy doesn't worship Teddy as some other journals do.

Hon. W. J. Bryan, the greatest living American, delivered an address at the Georgia State Fair in Atlanta last Saturday to an immense crowd. He refused to discuss politics or to say whether he would or would not be a candidate for the Democratic nomination for President.

Hon. John Temple Graves of Atlanta has been tendered and accepted the chief editorship of Hearst's New York American at a salary of $15,000 per year. He is one of the most fluent and logical writers in the country and his Florida friends rejoice to learn of his selection as editor of Hearst's greatest newspaper at such a handsome salary.

Prof. Tom F. McBeath has sold The Florida School Exponent to State Superintendent Holloway and Prof. Murphree of Tallahassee, from which place the paper will hereafter be published. The press generally, as well as the school teachers, will regret Prof. McBeath's retirement as editor but he has made no mistake in placing the journal in the hands of the above named gentlemen.

Orders have been issued from the Navy Department directing that all work in preparation of the fleet for the cruise to the Pacific be facilitated in every possible way, and to this end work on other projects at the navy yards will be suspended. These orders were the result of a report from the Norfolk navy yard that there was not sufficient labor obtainable there for doing all the work and getting the battleships ready for the trip by December.

Vally Bey of Constantinople, formerly first secretary of the Turkish Legation in Washington and who is now engaged in the importation of Turkish tobacco to this country, said recently in an interview: "American business men command my respect more than any other in the world. The manner in which business is done in America is the wonder of all other peoples. I have had occasion particularly to observe the handling of the tobacco business, and while I am told the trust controls many of the big business enterprises, I must say that it does it well. The American drummer is a remarkable man. He has a wonderful personality—a magnetism that compels attention. I can hardly say he is shrewd, but he is the most commercial creature in the world. It is not to be wondered at that European ideas and business methods succumb before the American drummer."

LEGAL REGULATED MONOPOLY.

In connection with the President's St. Louis speech, relating to the creation of Federal corporations, we should not forget Judge Farrar's letter, published last May. Judge Farrar contended that under the power "to establish postoffices and post-roads" the Federal government "can create railway corporations, and give such power as Congress may think best; and, in so doing, protect the railroads from all State, county and municipal taxation, except such as Congress may authorize. This view has been adopted by the President in the interest of the railroad corporations. It is not a sound view. It has been directly controverted by the opinion of the Supreme Court of the United States in the case of Thomson vs. Pacific Railroad, reported in 9th Wallace at page 579, so far as it relates to taxation; and also by the opinion of the same court in Cohen vs. Virginia (6, Wheaton, 264) so far as it relates to the power of Congress to authorize a corporation created by itself or any other power, to transact business in any State whose laws interdict its operations. So, that neither under the postroads clause nor under the interstate commerce clause of the Constitution has Congress the right to create corporations, or to license corporations to do interstate business. The position of the National Association of State Railroad Commissioners, which, at its meeting in Washington, October 9th, expressed its hostility to the President's plan, is well sustained by judical authority. Neither the bank case on which the President relies for his scheme of Federal incorporation, nor the lottery case, on which Mr. Bryan relies for his scheme of Federal license for existing corporations, supports the contention of those who seek by such means to destroy the rights of the States, and to bring in an era of "legal regulated monopoly," such as that recommended by the Civic Federation's Committee on Municipal Ownership, whose report seems to have been paid for by certain New York bankers and capitalists interested in railway and traction corporations. This scheme of legal, regulated monopoly, to which the President and Mr. Bryan have lent the weight of their influence, is precisely what the railroads, insurance companies, and trusts of all sorts desire. They are willing that the President should render them odious to the public, if he will serve them to the extent of releasing them by such means, or any means, from their responsibility to State governments. Their managers are all as practical as Mr. Harriman, or Mr. Roosevelt himself. They had rather contribute to a Roosevelt corruption fund than to pay State, county and municipal taxes and obey State laws. Mr. Roosevelt's position puts him in the light of being the ally of the corporations.

Former Senator J. Frank Allee of Delaware, who is organizing a corporation to fight the powder trust and thus even up scores with the Duponts, at whose door he lays the blame for ousting him from the United States Senate, declares that "For the Presidency there is no other candidate in Delaware but President Roosevelt. The people want him and he cannot help himself. All other candidates are being subordinated to him. He may have decided that he won't take another term, but the American people will decide, if they have not done so already, that he must."

A FALSE REPORT.

Editor Sun: On the first page of your issue of October 12 there appeared an article stating that Rev. C. B. Wilmer, D.D., had been hissed on the floor of our general convention on account of views he expressed on the negro question. In justice to Dr. Wilmer and for the information of his many friends in Gainesville, I desire to state that the article in question is a fabrication, mysteriously issued from a press bureau in a certain Southern city, and that no such incident occurred, but that in fact, at the time that article was published the negro question had not come before our convention either directly or indirectly.

Dr. Wilmer is recognized on all sides as one of our ablest men, and anything he has had to say in this convention has been listened to with interest and close attention.

Very truly yours,
FRANCIS H. CRAIGHILL.
Richmond, Va., Oct. 17.

Too much has been said and written already about the "cocktail" incident of Mrs. Fairbanks' reception to the President, but the friends of Mr. Fairbanks are much exercised over the appearance of an article in a religious paper in which the blame for this affair is put upon the shoulders of an intimate woman friend of the family. Doubtless the story was inspired by some misguided friend who thought thus to shield the Vice-President from criticism, not realizing, apparently, that he would be placed by such an excuse, in a position wholly intolerable to any man, and especially so to one of Mr. Fairbank's well-known gallantry. And it is all the more extraordinary, as the hospitality of the Fairbanks establishment in Washington is famous throughout official and social circles, where it is well known that wines are served at their delightful dinners and punch is served at their popular receptions.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

BEATS THE PRESIDENT.

Mayor McClellan Goes President One Better in Bear Killing.

New York, Oct. 21.—Mayor McClellan, of New York, has gone President Roosevelt one better in the shooting of bears, as the former's trip through the Catskill watershed, about 75 miles from New York, was productive of a killing on his third day in the wilds, while the president ,with scores of dogs and experienced bear hunters, required almost a fortnight to bag is game.

The bear was killed near Brown's station, Thursday afternoon by C. J. Davies, one of the city's water supply engineers, who was making a tour of the watershed with the mayor. The carcass was taken to the station and at the hotel that night the mayor and his party partook of bear steak.

PASSING OF FAMOUS HOSTELRY.

Fifth Avenue Hotel To Be Replaced by Great Office Building.

New York, Oct. 21.—Plans for a 14 story office and store building to cost $2,000,000 and to be erected on the site of the Fifth avenue hotel, have been filed by the architects.

The passing of the Fifth avenue hotel, one of the best known hostleries in the country, was decided on by the owners some time ago. In its day it has sheltered the country's most famous statesmen and politicians and political campaigns of first importance were planned and directed from quarters established within its precincts. It was there also that Senator Thos. C. Platt made his home and directed nearly all of his political battles.

Army Balloon Won Cup.

St. Louis, Mo., Oct. 21—Swinging through the atmosphere at the rate of 158 miles and hour, the United States signal corps balloon No. 10, in which J. C. McCoy and Captain Charles B. Chandler ascended here Friday evening, passed over Illinois and Indiana at night and across Ohio Saturday. The distance covered on a straight line measurement is approximately 500 miles, and the voyage won for the aeronauts the Lahm cup.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Farmer Fell Three Stories.

Atlanta, Oct. 21.—W. D. Hubbard, a farmer from Oglethorpe county, who came to see the fair, Friday night, while in the Neal House, got out of bed to obtain a drink of water and walking through a window on the street side, mistaking it for a door, fell to the sidewalk, three storie below, sustaining probably fatal injuries. He was taken to the hospital.

RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of th system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight; but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slighting pains now become sharp and cutting at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectually as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of disease has been removed. Special book on Rheumatism and any medical advice desired free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

ROLL-CALL MEETING TONIGHT.

Mount Vernon Lodge, K. of P., Anticipate a Fine Meeting.

The members of Mount Vernon Lodge No. 20, Knights of Pythias, anticipate a fine meeting in the castle hall over the Dutton Bank this evening, the occasion being the annual roll-coll meeting, which it is accustomed to hold every year.

Chancellor Commander John Robertson and K. of R. & S. E. A. Strunk, both enthusiastic members of the order, have been very busy, with the committee, for the past two or three days making arrangements for this meeting, which it is calculated to make one of the most successful and most enjoyable in the history of Mt. Vernon lodge, and for this reason every member of the order is earnestly requested to be present tonight.

There will be a fine program, after which oysters in all styles will be served. The committee consists of Dr. J. H. Colson, R. T. Schafer and N. R. Carter, which is an assurance that everything will pass off nicely.

Visiting Knights are extended a cordial invitation to attend this roll-call meeting.

No Riding Test for Him.

San Francisco, Oct. 21.—Rather than undergo the riding test prescribed in a recent order of the war department, Colonel Charles L. Heinz, assistant surgeon general, U. S. A., has filed an application to go before the retiring board. He says he is a medical man and has not been on a horse for 39 years.

Heflin to Speak in Campaign.

Montgomery, Ala., Oct. 21.—Congressman J. Thomas Heflin, of the fifth district, has gone to Kentucky to make speeches for the democratic ticket in the campaign now on. He is billed for seven addresses.

For Over Sixty Years

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "risings" or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

EPISCOPAL CONVENTION.

Notable Gathering Closes Fortnight Session at Richmond, Va.

Richmond, Va., Oct. 21.—The triennial general conference of the Presbyterian Episcopal church, closed at 3 o'clock Saturday afternoon.

The hour of adjournment was marked by a service identical with that which was held at the opening of the notable gathering a fortnight ago.

Both houses held business sessions during the day.

The resolution proposed by Dr. Huntington of New York, for eliminating the thirty articles of religion from the prayer book, on the ground that they are antiquated, was brought up at Friday night's session and it was finally left in the hands of a joint committee, which will report at the next convention, meeting in Cincinnati in 1910.

At Friday night's session of the house of deputies, considerable interest was aroused by a message from the house of bishops regarding the evils existing in the Philippine islands.

The debate that followed the receipt of the message was animated and politics, even the tariff question, figured in the discussion. The question was finally referred to a joint commission.

KRUGER'S GRAVE DESECRATED.

Marble Bust of the Ex-President Is Torn from Its Base.

Johannesburg, Oct. 21.—A painful sensation has been caused by the discovery that the grave of President Kruger in the cemetery at Pretoria has been torn from its base and badly chipped.

Other graves in the vicinity, including that of Kruger's grandchild, were also slightly damaged.

The desecration is believed to be the work of thieves who expected that a reward would be offered for the bust, but which they found too heavy to carry off.

FATAL FOG IN PITTSBURG.

Nearly Dark as Night at Noon—Four Trainmen Are Killed.

Pittsburg, Oct. 21.—It was so foggy here Thursday that in the business part of the city it was almost as dark as midnight at noon, and lights were kept burning throughout the day.

As a result of the fog, Elmer Hoover, a freight conductor on the Pittsburg railroad; Lee Keer, a brakeman on the Pennsylvania; S. H. De Forest, a flagman on the Pennsylvania, and Joseph Morana, another flagman, were killed and four other persons were injured.

Napoleon Bonaparte

Showed, at the battle of Austerlitz, he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best liniment in the world. A quick cure for rheumatism, sprains, burns, cuts, etc. A. C. Pitts, Rodessa, La., says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns, in fact for anything that can be reached by a liniment." Sold by W. M. Johnson.

FARMERS' NATIONAL CONGRESS.

Important Questions Submitter to the Committee on Resolutions.

Oklahoma City, Okla., Oct. 21.—Several important measures submitted to the committee on resolutions of the Farmers National congress on Friday night were brought before the gathering in convention Saturday.

One by Congressman Edgar C. Ellis, of Missouri, endorses the work of the inland waterways commission and purposes memorializing congress to spend fifty millions of dollars each year in improving harbors and waterways.

A resolution that also had been drafted, and was expected to cause much debate denounces all dealers in stock futures and advocates a national law requiring all market dealings to be for actual value and with actual commodities.

Three recommendations were made regarding the government postal service. One calls for a parcels post, another the postal telegraph and the third a system of postal savings banks.

BEATS THE PRESIDENT.

Mayor McClellan Goes President One Better in Bear Killing.

New York, Oct. 21.—Mayor McClellan, of New York, has gone President Roosevelt one better in the shooting of bears, as the former's trip through the Catskill watershed, about 75 miles from New York, was productive of a killing on his third day in the wilds, while the president ,with scores of dogs and experienced bear hunters, required almost a fortnight to bag his game.

The bear was killed near Brown's station, Thursday afternoon by C. J. Davies, one of the city's water supply engineers, who was making a tour of the watershed with the mayor. The carcass was taken to the station and at the hotel that night the mayor and his party partook of bear steak.

PASSING OF FAMOUS HOSTELRY.

Fifth Avenue Hotel To Be Replaced by Great Office Building.

New York, Oct. 21.—Plans for a 14 story office and store building to cost $2,000,000 and to be erected on the site of the Fifth avenue hotel, have been filed by the architects.

The passing of the Fifth avenue hotel, one of the best known hostleries in the country, was decided on by the owners some time ago. In its day it has sheltered the country's most famous statesmen and politicians and political campaigns of first importance were planned and directed from quarters established within its precincts. It was there also that Senator Thos. C. Platt made his home and directed nearly all of his political battles.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Farmer Fell Three Stories.

Atlanta, Oct. 21.—W. D. Hubbard, a farmer from Oglethorpe county, who came to see the fair, Friday night, while in the Neal House, got out of bed to obtain a drink of water and walking through a window on the street side, mistaking it for a door, fell to the sidewalk, three storie below, sustaining probably fatal injuries. He was taken to the hospital.

RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of th system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight; but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slight, wandering pains now become sharp and cutting at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectually as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. Special book on Rheumatism and any medical advice desired free.

ROLL-CALL MEETING TONIGHT.

Mount Vernon Lodge, K. of P., Anticipate a Fine Meeting.

The members of Mount Vernon Lodge No. 20, Knights of Pythias, anticipate a fine meeting in the castle hall over the Dutton Bank this evening, the occasion being the annual roll-coll meeting, which it is accustomed to hold every year.

Chancellor Commander John Robertson and K. of R. & S. E. A. Strunk, both enthusiastic members of the order, have been very busy, with the committee, for the past two or three days making arrangements for this meeting, which it is calculated to make one of the most successful and most enjoyable in the history of Mt. Vernon lodge, and for this reason every member of the order is earnestly requested to be present tonight.

There will be a fine program, after which oysters in all styles will be served. The committee consists of Dr. J. H. Colson, R. T. Schafer and N. R. Carter, which is an assurance that everything will pass off nicely.

Visiting Knights are extended a cordial invitation to attend this roll-call meeting.

No Riding Test for Him.

San Francisco, Oct. 21.—Rather than undergo the riding test prescribed in a recent order of the war department, Colonel Charles L. Heinz, assistant surgeon general, U. S. A., has filed an application to go before the retiring board. He says he is a medical man and has not been on a horse for 39 years.

Heflin to Speak in Campaign.

Montgomery, Ala., Oct. 21.—Congressman J. Thomas Heflin, of the fifth district, has gone to Kentucky to make speeches for the democratic ticket in the campaign now on. He is billed for seven addresses.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "risings" or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

EPISCOPAL CONVENTION.

Notable Gathering Closes Fortnight Session at Richmond, Va.

Richmond, Va., Oct. 21.—The triennial general conference of the Presbyterian Episcopal church, closed at 3 o'clock Saturday afternoon.

The hour of adjournment was marked by a service identical with that which was held at the opening of the notable gathering a fortnight ago.

Both houses held business sessions during the day.

The resolution proposed by Dr. Huntington, of New York, for eliminating the thirty articles of religion from the prayer book, on the ground that they are antiquated, was brought up at Friday night's session and it was finally left in the hands of a joint committee, which will report at the next convention, meeting in Cincinnati in 1910.

At Friday night's session of the house of deputies, considerable interest was aroused by a message from the house of bishops regarding the evils existing in the Philippine islands.

The debate that followed the receipt of the message was animated and politics, even the tariff question, figured in the discussion. The question was finally referred to a joint commission.

KRUGER'S GRAVE DESECRATED.

Marble Bust of the Ex-President Is Torn from Its Base.

Johannesburg, Oct. 21.—A painful sensation has been caused by the discovery that the grave of President Kruger in the cemetery at Pretoria, has been torn from its base and badly defaced.

Other graves in the vicinity, including that of Kruger's grandchild, were also slightly damaged.

The desecration is believed to be the work of thieves who expected that a reward would be offered for the bust, but when they found too heavy to carry off.

FATAL FOG IN PITTSBURG.

Nearly Dark as Night at Noon—Four Trainmen Are Killed.

Pittsburg, Oct. 21.—It was so foggy here Thursday that in the business part of the city it was almost as dark as midnight at noon, and lights were kept burning throughout the day.

As a result of the fog, Elmer Hoozier, a freight conductor on the Pan handle railroad; Lee Keer, a brakeman on the Pennsylvania; S. H. De Forrest, a flagman on the Pennsylvania, and Joseph Morana, another flagman, were killed and four other persons were injured.

Napoleon Bonaparte

Showed, at the battle of Austerlitz, he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best liniment in the world. A quick cure for rheumatism, sprains, burns, cuts, etc. A. C. Pitts, Rodessa, La., says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns, in fact for anything that can be reached by a liniment." Sold by W. M. Johnson.

FARMERS' NATIONAL CONGRESS.

Important Questions Submitter to the Committee on Resolutions.

Oklahoma City, Okla., Oct. 21.—Several important measures submitted to the committee on resolutions of the Farmers National congress on Friday night were brought before the gathering in convention Saturday.

One by Congressman Edgar C. Ellis, of Missouri, endorses the work of the inland waterways commission and purposes memorializing congress to spend fifty millions of dollars each year in improving harbors and waterways.

A resolution that also had been drafted, and was expected to cause much debate denounces all dealers in stock futures and advocates a national law requiring all market dealings to be for actual value and with actual commodities.

Three recommendations were made regarding the government postal service. One calls for a parcels post, another the postal telegraph and the third a system of postal savings banks.

John P. Ambrose has returned to his home in this city, after an absence of about six weeks in the North. He visited the Jamestown Exposition, New York, the Berkshire Hills of Massachusetts, points in New Hampshire and Boston, and reports a delightful trip, in which he was much benefited.

Among the prominent visitors to this city is Hon. Thos. J. Appleyard of Lake City, for many years secretary of the State Senate, and editor of The Lake City Index, one of the best weeklies in Florida. The Sun acknowledges an agreeable call. Col. Appleyard expressed himself as being well pleased with the advancement of Gainesville, where he has many friends.

Thomas Livingston of Palatka, for years the station baggage agent of the union station in that city, has accepted a position as conductor, and is now in charge of the Palatka-Gainesville freight and accommodation. Mr. Livingston is a brother of our fellow-townsman, R. B. Livingston, and is a thorough railroad man. He has many friends in this city, having visited here on several occasions.

Mrs. M. Yulee Reed and son of Cedar Key were among those who favored Gainesville with a visit yesterday. Mrs. Reed, who is a granddaughter of Major Yulee, the original builder of the railroad from Fernandina to Cedar Key, is a large property owner in the latter place, and it is understood is also heavily interested in the canning and fiber factories, which are about to be completed there.

E. T. Henderson of Arno was in the city yesterday. Mr. Henderson, who is a horticulturist of ability and prominence, has purchased property opposite the University, and will move his family to Gainesville next week. He will retain his interests at Arno, however, as they are too valuable to relinquish at this time. The people of Gainesville will gladly welcome Mr. Henderson and his estimable family.

Among the visitors to this city yesterday was Chas. S. Gardner of Cedar Key, chief light-house keeper at Seahorse Key, at the entrance of the harbor. He was en route to Lake Butler, where he goes on a visit to a sister whom he has not seen for thirty years. Mr. Gardner has been for thirty years in the Government light-house service a great part of which has been spent at the Seahorse Key light. He comes to Gainesville occasionally, and friends here are always glad to welcome him, for he is a "jolly good fellow."

S. E. Brooker of LaCrosse, one of the leading farmers of that section, was a visitor to this city yesterday. He brought a load of fine chickens and eggs, which are very acceptable on the market just now.

Amanda Mitchell, a well-known colored woman formerly of this city, died in Tampa a few days ago, and was buried there. She resided in Gainesville, on West Church street, for many years, and was well known here.

Mr. and Mrs. C. C. Strickland and little daughter, Juanita, were in the city from Hague yesterday. Mr. Strickland, who is an up-to-date farmer, brought a load of fine new sweet potatoes, some of which weighed as much as five pounds, which he disposed of at good prices.

ABOUT OYSTERS

It's a matter of confidence—confidence in the person selling them. If you know they are handled properly, prepared and cooked cleanly, then you are satisfied. Oysters require careful attention when away from the coast, and should be prepared by one who knows at a glance if they are fit to be cooked.

For two seasons I have prepared and served you the best Oysters grown, and have never had one complaint.

They are here now—and, as they should be, First-Class in every way.
